INSTALLATION INSTRUCTIONS - MARBLE LED WALL LIGHT

Included Materials:

- Wall light
- Wall mounting bracket
- Screws and wall plugs
- Electrical connectors

Required Tools:

- Drill
- Screwdriver
- Spirit level
- Pencil
- Electrical tester
- Protective gloves

INSTALLATION STEPS:

1. **Ensure Safety**
   Turn off the electrical power before starting any installation work to ensure safety.
2. **Prepare the Wall**

- Position the mounting bracket at the desired location.
- Mark the hole positions using the level and pencil.

3. **Drill and Secure the Bracket**

- Drill the holes at the marked positions.
- Insert the provided wall plugs.
- Secure the mounting bracket firmly to the wall with the screws.

4. **Connect the Electrical Wires**

- Connect the wires from the light fixture to the power supply:
  - Brown or red = Live (L)
  - Blue = Neutral (N)
  - Green/yellow (if present) = Ground (PE)
- Use screw terminals or quick connectors.

5. **Attach the Wall Light**

- Position the wall light onto the mounting bracket.
- Tighten the mounting screws.

6. **Restore Power**

- Turn the power back on and test the light to ensure it works correctly.

Warnings:

- Installation must be carried out by a qualified person.
- Ensure the wall can support the weight of the fixture.
- Follow all applicable safety standards and regulations.
